

The Capital City State Trail Bicycle/ Pedestrian Overpass Bridge

City of Fitchburg, Wisconsin and WisDOT Southwest Region

Final design plans for a grade separation structure and the necessary approaches for the Capital City State Trail (CCST) crossing of Fish Hatchery Road near McKee Road intersection. CCST is a major pedestrian and bicycle facility providing local and regional connectivity to other trails. A grade separation structure over this major urban arterial roadway is required to improve the safety and convenience for the many trail users.

Additional Agencies Involved:

- Dane County Parks Department
- Dane County Highway Department
- Wisconsin Department of Natural Resources
