

The American Council of Engineering Companies of Wisconsin (ACEC WI) is the business voice of the Wisconsin consulting engineering industry. It is the only organization in the state that represents the business side of the consulting engineering industry. ACEC WI represents more than 60 premier engineering firms, with over 130 offices across Wisconsin. Our member firms employ more than 4,000 engineers, architects, planners, geologists, soil scientists, hydrologists, surveyors, and other professionals.

Our mission is to enhance business opportunities for member firms by advocating initiatives for success. Won't you help us succeed with our mission?

Join as an affiliate member firm today and gain direct access to consulting engineering firms that utilize your company's products and services.

**Affiliate
Membership**

Affiliate Membership provides your firm with opportunities to share programs and services with the only association representing design firms in Wisconsin.

Affiliate membership is available to firms not otherwise eligible for membership in ACEC WI. Any firm that provides business support, professional services, or products complimentary to the services provided by member firms is invited to join. Affiliate member firms will share some of the same ACEC WI programs, services, and activities as ACEC WI Member Firms. Share is the key word because, as an affiliate member, you will learn from consulting engineers as much as they will learn from you.

How can your firm join?

Download an affiliate membership application at www.acecwi.org or contact ACEC WI to request an application.
